

# BACTERINIL®

RESIDUAL ACTION, NON-TOXIC, HARD SURFACE DISINFECTANT

A broad spectrum, ready-to-use general disinfectant, **Bacterinil®** is recommended for disinfecting during normal day-to-day activities.

All that is required to thoroughly clean the specific area, is to spray on **Bacterinil®** and leave to dry. No rinsing or wiping is required. It is ideal for use on walls, floors, toilet seats, door handles, office desks, computer keyboards, air-conditioner filters, food preparation areas, cutting boards, telephones, classrooms, children's playrooms and toys.

**Bacterinil®** is non-toxic, non-corrosive, non-irritating, non-staining, non-caustic, non-carcinogenic, pH neutral and is biodegradable. It contains no aldehydes, phenol or chlorine.

## **Bacterinil® is available in:**

- 1 Litre - Trigger Spray Bottle
- 5 Litre - Bulk
