

MICROSOLVE®

CLEANS, SANITISES & DISINFECTS IN ONE

MicroSolve® provides a three-in-one formulation that cleans, sanitises and disinfects. Specifically formulated for conditions where natural oils, grease and petroleum jelly can be problematic. **MicroSolve®** works effectively to eliminate all residues.

Highly effective for:

- Veterinary Industry
- Beauty Industry
- Hairdressing Industry
- Hospitality Industry

MicroSolve® contains the anti-microbial agent **Qualex®** and a balanced range of detergents, sequestering agents, alkalis and grease cutters providing a solution that eliminates pathogenic microbes responsible for the spread of disease.

MicroSolve® is available in:

- 1 Litre - Trigger Spray
- 5 Litre - Bulk
